

Ohmsett Staff to Exhibit at the Clean Gulf Conference & Exhibition

LEONARDO, NJ – [Ohmsett](#), The National Oil Spill Response Research & Renewable Energy Test Facility will exhibit at the Clean Gulf Conference & Exhibition November 14-15 at the Ernest N. Morial Convention Center in New Orleans, LA.

The Clean Gulf Conference & Exhibition is the premier event for industry and government to come together and discuss planning and preparedness issues for oil and hazardous materials spills. The main focus of the conference sessions are case studies, best practices and lessons-learned, and the exhibit hall is filled with products and services for prevention and response.

Ohmsett will be in Booth 506 on the exhibit floor sharing some exciting news, Applied Research Associates, Inc. (ARA) was selected by the Bureau of Safety and Environmental Enforcement (BSEE) to operate the Ohmsett facility. Under the new contract, ARA will focus Ohmsett's efforts on creating an environment to accelerate oil spill science and technology innovations.

You will be pleased to see the familiar faces of our knowledgeable technical staff, well as new team members. Stop by booth 506 to meet with our new Program Manager, Len Zabilansky and our Chief Scientist, Paul Panetta to hear about the opportunities for testing, training, and research at Ohmsett.

As our special guest, we have arranged for you to attend the Clean Gulf Exhibition at no cost! To take advantage of this offer simply register online using the VIP code OHM473.
